FY22 MODERN SLAVERY STATEMENT

REPORTING ENTITY

Ironside Construction Pty Ltd is a privately owned construction company, specialising in multi-residential apartments. The company is registered and headquartered at 204 York Street South Melbourne ABN 71 606 670 277. It also operates from a warehouse in Keysborough, as well as a number of construction sites across metropolitan Melbourne. It is a stand alone company, and does not control other entities.

STRUCTURE, OPERATIONS AND SUPPLY CHAINS

Ironside employs approximately 150 staff, including management, administration and front line workers. Please refer to the organisational structure, which illustrates the senior leadership team.

Ironside's supply chain includes working with more than 400 domestic and international suppliers annually. These include trades and services, information technology, consultants, training, corporate and professional advisors, and waste services providers.

RISKS

Ironside acknowledges that it may be connected to modern slavery through the activities of another entity, which it shares a business relationship with, including:

- Sub-contractors and suppliers with global supply chains.
- Cleaning services, which often involve lower wages and manual labour.
- IT subscription services, which often outsource their support globally.
- Lenders, which often outsource their administration globally.

ACTIONS

Ironside has undertaken initial actions to address modern slavery risks, including:

- Screening new sub-contractors and suppliers.
- Established an Ironside company Modern Slavery Policy.
- Published the Ironside Modern Slavery Policy in the company Capability Statement. This statement is distributed to clients and financiers.
- Amended the Major Works Sub-Contract to include obligations under the Modern Slavery Act.
- Where permitted, international flights will be scheduled to meet with clients and suppliers overseas to visually inspect practices and working conditions whereby Ironside directly source international products.

Ironside are working on additional actions which will be reported in the FY23 statement.
