OUR SUPPLY CHAINS

TFE Hotels' business involves the following primary supply chains:

- Procurement of goods and services for hotels, including:
 - Housekeeping / cleaning providers
 - Laundry and linen providers
 - Food and produce providers including dry/ chilled/ frozen food distribution, fruit, vegetables and meat
 - Employee uniforms
 - Guest amenities including mini bar items
 - Alcohol providers
 - Security services
 - Waste removal services
- Procurement of FF&E for hotel development and refurbishment.
- Corporate/business partners, including online travel agents, preferred accommodation partners and sponsorship arrangements
- Information technology infrastructure and services
- Professional services including legal, tax, accounting, audit and insurance providers
- Outsourced offshore services such as accounts payable, treasury, accounting support and IT support services

Due to our global footprint, TFE Hotels' supply chains source products and services across multiple borders and jurisdictions. This exposes our operations to both local and international modern slavery risks. For this reason, we seek to foster long term supplier relationships based on mutual trust and a shared commitment and respect for human rights obligations in our respective operations and supply chains.

IDENTIFYING MODERN SLAVERY RISKS IN OUR OPERATIONS, SUPPLY CHAINS AND CONTROLLED ENTITIES

TFE Hotels continues to predominantly deal with Australian based suppliers, with the majority of our operations based in Australia. TFE Hotels' operations overseas, while growing, are in countries that are generally known to have low modern slavery risks with sound employee working conditions, governance and rule of law including New Zealand, Germany, Denmark, Austria, Switzerland and Hungary.

Notwithstanding the above, the hospitality industry has been identified as a high-risk industry due to the prevalence of migrant labour and labour hire agencies within its outsourced workforces, including housekeeping, maintenance and security.

TFE Hotels also outsources certain components of its operations offshore to India, including accounts payable, treasury, accounting support and IT support, which is acknowledged by the Global Slavery Index to be a high-risk jurisdiction for modern slavery. However, we believe our mitigation processes set out in this Statement combat this risk.

TFE Hotels has again reviewed its operations and supply chains in the reporting period to reassess areas of modern slavery risks. From this assessment, the following areas in our operations and supply chains remain particularly at risk of modern slavery practices:

Area	Potential risks	Area	Potential risks
Housekeeping / cleaning providers	This category is outsourced and there are potential risks associated with: <ul style="list-style-type: none"> • Low skilled workers • Temporary, casual and part-time workers • Migrant workers • Overseas student workers • Undeclared labour • Underpayment • Deceptive recruitment practices • Excessive working hours 	Supply of uniforms	We have identified potential risks associated with: <ul style="list-style-type: none"> • Overseas manufacturing in low-cost countries • Non-ethical sourcing • Forced labour and child labour at the originating location • Compliance with local labour laws <ul style="list-style-type: none"> • Exploitation of vulnerable workers
Distribution of consumable goods	Most of these items are imported by the distributors we work with, and there are therefore potential risks associated with: <ul style="list-style-type: none"> • Forced labour and child labour at the originating location • Compliance with local labour laws • Non-ethical sourcing • Exploitation of vulnerable workers 	Dry/ Chilled/ Frozen Food distribution – Fruit & Vegetables/Meat	We have identified potential risks associated with: <ul style="list-style-type: none"> • Low skilled workers • Temporary, casual and part-time workers • Migrant workers • Overseas student workers • Undeclared labour • Underpayment • Deceptive recruitment practices

- **Procurement Policy**
 - requires team members making commercial commitments on TFE Hotels' behalf to:
 - seek to reduce the supply chain's adverse social and environmental impacts; and
 - take reasonable steps to ensure people in the supply chain are treated with respect, have adequate working conditions, and work in a safe and healthy environment.
- **Contractors and Subcontractors Policy**
 - outlines policies regarding performance on human rights, health & safety and environmental issues when engaging contractors, and applies TFE Hotels policies to its contractors (including suppliers)
 - requires all contractors and subcontractors to comply with applicable Australian and international laws regarding employment practices and benefits, anti-discrimination and work, health and safety
 - requires contractors to ensure that they do not, and that their supply chain does not, engage in any 'modern slavery' practices including forced labour, exploitation, debt bondage and deceptive recruiting for labour or services.
- **Safety & Wellbeing Policy**
 - seeks to implement and maintain mandatory safe working conditions for all team members and contractors.
- **Bullying, Discrimination and Harassment**
 - prohibits workplace bullying, harassment or discrimination in any form.
- **Recruitment and Selection**
 - ensures TFE Hotels' recruitment and selection processes encourage equal employment opportunity and diversity.
- **Anti-Corruption, Bribery and Political Donations Policy**
 - prohibits any activities associated with corruption or bribery, and setting clear criteria for permissible political donations.

The commitments made in these policies apply to all employees of TFE Hotels.

DUE DILIGENCE AND REMEDIATION PROCESSES

TFE Hotels continues to require suppliers to:

- annually provide a **modern slavery statement** detailing the steps they have taken to minimise modern slavery practices within their own supply chains;
- adhere to **minimum supplier requirements** which include mandatory standards for corruption, bribery, health & safety, labour rights and conditions, anti-discrimination, treatment of workers and other areas relevant to addressing modern slavery; and
- obtain **independent certification** from an external auditor if they are located outside a country in which we operate and deemed high risk due to their location or products they supply.

TFE Hotels also continues to impose contractual obligations on its suppliers through our supplier agreements to:

- comply with the *Modern Slavery Act 2018* (Cth);
- take all reasonable steps to ensure that there is no modern slavery in its supply chain;
- maintain in place policies and procedures to meet its requirements under all applicable laws relating to anti-bribery, anti-corruption and modern slavery; and
- maintain a complete set of records to trace the supply chain of all goods and services provided by the supplier and its subcontractors to TFE Hotels, which can be inspected and audited by TFE Hotels in certain circumstances.

ONGOING ENGAGEMENT WITHIN OUR OPERATIONS

During the reporting period, our senior management continued to engage with our business unit teams and employees in response to key challenges and risks. This engagement included:

OUR CONSULTATION PROCESS WITH SUBSIDIARIES

TFE Hotels maintains one consistent leadership team across each of its subsidiaries, including the reporting entities listed above. We recognise that eliminating modern slavery practices in our industry is an ongoing long-term goal that requires a commitment to continuous improvement and a focus on implementing well considered effective priorities and plans.

Our roadmap has identified the following priorities and initiatives for the financial year ended 30 June 2025.

Priority Area	Activities
Modern Slavery Risk Framework	Assess, quantify and determine value in engagement of an external consultant to provide tailored advice on expanding and enhancing our risk assessment and remediation opportunities. Investigate procurement of specific modern slavery risk focused software tools or wider compliance software that could enhance TFE Hotels' management, tracking and reporting practices
Risk Assessment	Mature the assessment of high-risk suppliers through overlay of business expenditure profiles against supplier risk categories to ensure appropriate focus on most significant risk areas
Training	Investigate and assess the best avenue for additional training of our leadership, procurement and human resources teams to enhance awareness and build internal capability to address our identified modern slavery risk, either through additional standalone content or modifying existing programs
Governance and Group Policies and Procedures	Continue to implement the TFE Hotels' policy and procedure review framework to ensure currency and relevance
Supplier Due Diligence	Investigate options and consult with relevant suppliers on additional audit and verification opportunities to test and confirm key suppliers' adherence to their stated modern slavery risk controls
