Dorsett Retail Pty Ltd has identified key suppliers by procurement spend and requested or received through its buying group, statements concerning key risks around potential for Modern Slavery from each of those key suppliers. Dorsett Retail Pty Ltd has relied upon those statements when considering Risks of Modern Slavery.

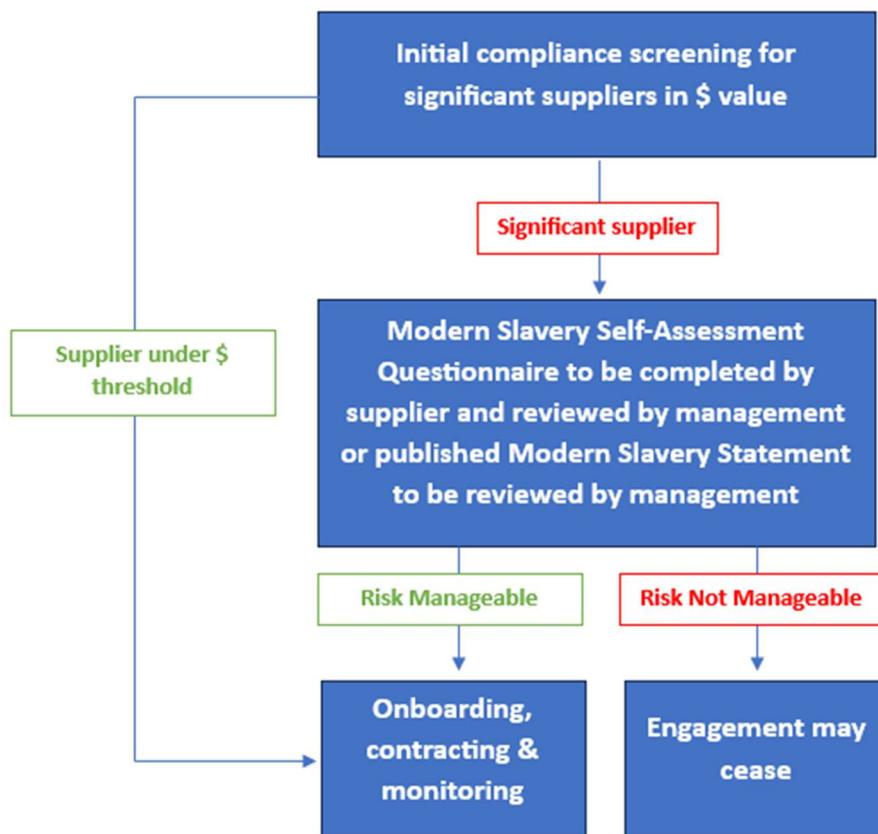

Identified potential risks include labour rights and work health and safety in overseas supply chains of appliances, electronics and furniture, including underpayment or indenture of workers in overseas locations.

Modern slavery risk relating to the Dorsett Retail Pty Ltd.'s direct employees and contractors is considered low. Employment policies are in place to ensure all staff are

Actions Taken to Address Modern Slavery Risk

Dorsett Retail Pty Ltd have implemented risk management processes and policies to identify and address the risk of modern slavery in our supply chain. Supplier questionnaires are requested from key suppliers to ensure our suppliers are compliant with the Act, and to ensure our goods and services are ethically sourced. Staff training has also been undertaken, to ensure that personnel are aware of the potential risks associated with modern slavery, and how the Dorsett Retail Pty Ltd plan to mitigate them.

Dorsett Retail Pty Ltd.'s is part of the National Associated Retail Traders of Australia (NARTA). NARTA has, with the assistance of specialist third-party advisors, implemented a Modern Slavery Portal ("Portal"), a digital solution which streamlines our supplier management and due diligence processes. The portal automates aspects of our due diligence by automatically assessing suppliers against NARTA's risk matrix and updating the supplier's risk score when further due diligence is undertaken. The Portal tracks all this

data in a shared, auditable, time stamped record between us and our suppliers. The Portal also assists us in:

- automating due diligence procedures;
- automatic reporting and auditing functionalities including tracking changes in regular reports on specific pre-determined criteria;
- consolidating and tracking changes in the risk profile of suppliers in each reporting period; and
- tracing and mapping of supply chains - where any suppliers are found deeper in our supply chains (for example, Tier 2 suppliers), we can create links between the supplier profiles to be able to trace and map individual supply chains.

In the 2024/25 reporting period, 39% of suppliers that required assessment were done so via this Portal, with the remaining suppliers/contractors being reviewed by the company.

Measuring Effectiveness

To ensure the effectiveness of the risk mitigation strategies put in place, Dorsett Retail Pty Ltd will continue to review its risk matrix surrounding modern slavery. Future suppliers and service providers engaged outside of the NARTA Buying Group will be required to complete questionnaires and meet a minimum set of requirements, as set out by Dorsett Retail Pty Ltd.'s Modern Slavery Policy. Suppliers who are assessed via the Portal will be reviewed periodically to ensure these suppliers also meet these minimum requirements. Incoming staff will be trained to ensure the Dorsett Retail Pty Ltd uphold their ethical sourcing due diligence.
