¹ Mandatory Criteria 1

In line with two of the CMV Group's core values, 'do the right thing' and 'mutual respect', the CMV Group has a zero-tolerance for any form of human rights abuses, including modern slavery, in our operations and supply chains.

This is the CMV Group's third Modern Slavery statement and we are pleased to be able to report on our progress over the past 12 months.

We are committed to continually improve our processes and practices to eliminate the risk of modern slavery in our businesses and supply chains. We have identified a number of initiatives to improve our approach in FY 2022-23 which are detailed at the end of this statement.

OUR HISTORY & STRUCTURE ²

The CMV Group is one of South Australia's most successful businesses. Founded in 1934 and remaining privately owned, we operate some of the most progressive franchises within the automotive, truck and agricultural industries across predominately South Australia and Victoria.

We have an annual turnover in excess of \$1.5bn, and over 1,600 employees who we consider our greatest assets. We are fiercely supportive of our staff, their diversity and the communities within which we operate and, as demonstrated by our charitable foundations, we are deeply passionate about giving back to the community and to those less fortunate.

Our Head Office is located in Adelaide with current CMV Group Managing Director, Paul Crawford, the third generation of the family, leading the strategic direction of the business.

OUR OPERATIONS ³

CMV FARMS

CMV Farms operates farming enterprises in South Australia and Victoria. The operations produce pistachios and almonds which are sold within Australia and selected export markets, and wine grapes which are contracted to major wineries.

CMV Farms is also involved with a number of strategically important businesses, including Riverland Almonds, Australian Pioneer Pistachio Company and Nut Producers Australia which play key roles in the processing and marketing of the pistachio and almond product from our farms.

Further information about each of these businesses is available on our website, cmv.com.au.

OUR SUPPLY CHAINS ⁴

Vehicles and parts

CMV Automotive and CMV Truck businesses source the large majority of vehicles and parts from our market leading OEM franchise partners, including:

- Ford Motor Company of Australia Limited;
- Hino Motor Sales Australia Pty Ltd;
- Hyundai Motor Company Australia Pty Ltd;
- Lexus Australia;
- Mercedes-Benz Australia/Pacific Pty Ltd;
- PACCAR Australia Pty Ltd;
- Suzuki Australia Pty Ltd;
- Toyota Motor Corporation Australia Limited;
- Volkswagen Group Australia Pty Ltd; and
- Volvo Group Australia Pty Ltd.

Other parts and accessories that are on-sold to customers are sourced directly from a range of suppliers.

Other suppliers

CMV Automotive and CMV Truck businesses each have a range of other direct suppliers that provide services and supplies that contribute to their operations, including:

- workshop and office supplies;
- cleaning services;
- waste management services; and
- uniform suppliers.

IDENTIFYING MODERN SLAVERY RISKS ⁵

Steps taken to identify its Modern Slavery Risks

- **Working group** - The Modern Slavery Working Group (“MSWG”) (made up of senior management, including Operations, Legal, and Finance representatives) has continued to manage the governance of our modern slavery actions by reporting to the Audit and Risk Committee, who in turn reports to the CMV Group board.
- **Risk mapping** - Conducted high level risk mapping to identify modern slavery risks within its operations and supply chains.
- **Key suppliers** - Contacted key suppliers/franchisors to understand their approach to modern slavery risks within their operations and supply chains.

⁴ Mandatory Criteria 2

⁵ Mandatory Criteria 3

Summary of Key Risks

Set out below is a summary of the key risks identified in our risk identification process which relate to modern slavery:

- **Purchase and resale of after-market parts** – CMV Group Automotive and CMV Trucks businesses purchase and resell after-market parts which may be sourced from a number of suppliers both in Australia and internationally.
- **Facilities management** – CMV Group businesses operate a number of large dealerships each requiring management services including cleaning contractors, waste management and uniform suppliers and laundry services.
- **Contract labour/labour hire** - CMV Farms use two contract labour suppliers during periods of high workloads, for example during harvest periods.
- **Promotional materials** – CMV Group businesses purchase a small volume of promotional materials for customer and marketing purposes. These products would normally be sourced from local Australian companies, however it is possible that the goods may be manufactured in high risk jurisdictions (as listed on the Global Slavery Index).

Implications of COVID-19

While the COVID-19 pandemic has had a huge impact on our employees and our businesses, we do not believe that it has materially increased the likelihood of modern slavery risks within our operations.

ACTIONS TAKEN TO ADDRESS THE RISKS ⁶

In FY22 the CMV Group undertook the following actions to assess and address the modern slavery risks that had been identified by the Modern Slavery Working Group. The CMV Group is satisfied with the progress made to date but also intends to build on these actions in the next financial year.

FY22 - ACTIONS TAKEN

Modern Slavery Policy

We have continued to raise awareness across the group in relation to the CMV Group Modern Slavery Policy which links into the CMV Group's Whistleblower Policy, allowing protection for employees who speak up about modern slavery issues.

This policy is supported by two of CMV Group's core values, 'do the right thing' and 'mutual respect', the CMV Group has a zero-tolerance for any form of human rights abuses, including modern slavery, in our operations and supply chains.

All new employees are made aware of the policy through our onboarding process. We are working on embedding the policy into our contracts with suppliers.

Training

Comprehensive online training courses have now been completed by CMV Group senior management, general managers, group accountants and departmental managers on modern slavery awareness, concepts and identification of risks.

Modern Slavery Working Group

The MSWG is continuing to work with CMV Group divisions to prepare a modern slavery risk analysis for each division.

⁶ Mandatory Criteria 4

Review of Operations and Supply Chains

As identified in our previous statements, a large portion of our supply chain is made up of products we purchase from our OEM franchisors. These organisations are all required to comply with the Modern Slavery Act and lodge their own Modern Slavery statements. Therefore, an important part of our supplier analysis is to review the Modern Slavery statements of our OEM franchisors to understand their approach to modern slavery risks within their operations and supply chains and to consider any risks identified in their statements.

From a review of the statements we are satisfied that no major modern slavery risks were identified.

During this reporting period we also analysed the remainder of our supplier lists, focusing on areas we had identified as 'higher risk' being our contract labour / labour hire and cleaning contractor suppliers and our overseas parts suppliers.

As a result of this analysis, we issued a questionnaire to a targeted group seeking information about their approach to modern slavery. We were pleased that several overseas suppliers responded to the questionnaire and provided satisfactory information about their approach to modern slavery.

Our review and collection of information from our suppliers will continue throughout FY23.

FY23 - FUTURE ACTIONS

We aim to continually improve our approach to identify, assess and manage modern slavery risks in our operations and supply chain. We have identified several focus areas that will help us improve in FY23 including:

Action Plans

Action plans will be developed for each business based on the risk ratings identified in the risk analysis.

Supply Chains and Responsible Sourcing

As noted above, the review and collection of information regarding our key suppliers will continue throughout FY23.

The CMV Group expects that its suppliers will operate not only in compliance with the Act but also in a manner that is consistent with our zero-tolerance for any form of human rights abuses.

We recognise that we need to do more to ensure this expectation is upheld. Therefore, we intend to undertake a review of our supplier governance practices and frameworks including:

- Enhancing our supplier due diligence processes;
- Including contractual obligations in our supplier agreements; and
- Working towards implementation of a Supplier Code of Conduct.

Training

Having successfully rolled out training across our business managers the next step is to embed the training into our onboarding process so that all new / promoted managers complete the modern slavery training module.

ASSESSMENT & EFFECTIVENESS OF OUR ACTIONS ⁷

We intend to continue to communicate with employees, suppliers and other stakeholders involved in our businesses to encourage open communication regarding potential modern slavery risks within our businesses and what can be done to address these risks.

We have nominated senior management within each of our businesses who have been trained to identify and escalate modern slavery risks within their businesses to the MSWG.

Modern Slavery is now a regular agenda item for our Risk, Audit & Compliance Committee.

JOINT REPORT & CONSULTATION ⁸

As the operations of all entities owned and controlled by the CMV Group are closely aligned and fall under the same senior management and board composition, policies and processes, we have been able to develop one working group to identify and manage modern slavery risks across the CMV Group with appropriate consultation with all CMV Group businesses. For these reasons, we also consider it is appropriate for a joint report to be submitted in respect of the wholly owned subsidiaries that are reporting entities under the Act.

OTHER INFORMATION ⁹

The CMV Group does not consider that there is any other information that should be included in this report.

APPROVAL

This modern slavery statement is made by Commercial Motor Vehicles Pty Ltd and its holding company, Kilbirnie Investments Pty Ltd, and its wholly owned subsidiaries who are reporting entities for the financial year ending 30 June 2022.

This statement was approved by the boards of Commercial Motor Vehicles Pty Ltd, Kilbirnie Investments Pty Ltd, Commercial Motor Industries Pty Ltd, B.E.A Motors Pty Ltd, CMV Truck & Bus Pty Ltd on 20 October 2022.
