P/2

This statement was prepared by the reporting entity Lovisa Holdings Limited ('Lovisa', 'the Company') (ACN:602 304 503). Lovisa is an Australian public company listed on the Australian Securities Exchange (ASX code: LOV). The Company's registered office and principal place of business is Level 1, 818 Glenferrie Road, Hawthorn, Victoria, Australia. This statement has been prepared in accordance with the Modern Slavery Act (Cth) 2018 ('the Act') and outlines the actions taken by Lovisa to identify, assess, and address modern slavery risks across our operations and supply chain for the financial year ended June 2022.

Lovisa Holdings Limited makes this single joint Statement on behalf of all reporting entities in the Lovisa Group and all other owned and controlled entities. All entities in the Lovisa Group operate under a central governance framework and common management system. Consultation was therefore not required as the same individuals represent each of these entities. A list of all subsidiaries is included in Appendix A. In addition to Lovisa Holdings Limited, Lovisa Australia Pty Ltd and Lovisa Pty Ltd are also considered reporting entities under the Act.

# INTRODUCTION

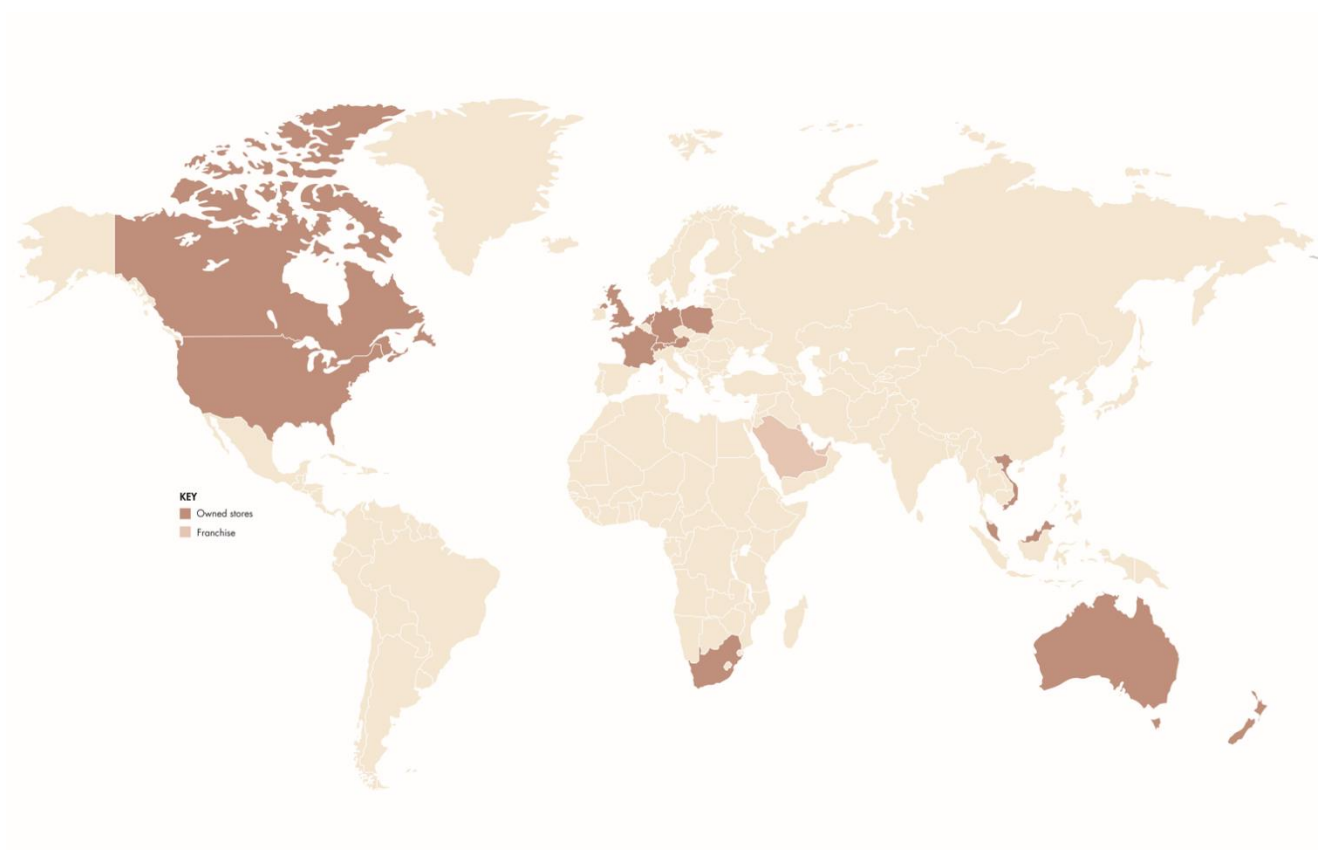

P/3

This statement, pursuant to the Modern Slavery Act 2018, details the risks of modern slavery in the operations and supply chains of Lovisa Holdings Limited. This statement includes information about our actions & progress to address these risks for the financial year ended June 2022.

At Lovisa, we remain committed to pursuing an effective approach to ethical and responsible risk management, with a framework to support us in achieving high standards of corporate governance and safeguarding our business operations and our global supply chain against the risks of Modern Slavery. As we continue to manage disruptions caused by Covid 19, we recognized the need to support our core supply base in mainland China. We have, for that reason, engaged a support team in Shenzhen. This team are available to audit new and current suppliers, and to work directly with our suppliers discussing production timelines and supporting them with crucial health and safety initiatives they have implemented across their businesses.

We have an opportunity to further enhance our commitment by formalising our guidelines and requirements to suppliers in the form of our Supplier Code of Conduct. The code will detail Safe Working Conditions, Building & Safety Compliance, Environmental Resilience and Business Transparency & Ethics and provide a focus on modern slavery indicators including forced labour, excessive working hours, child labour, delayed payment of wages and/or benefits, hazardous forms of work, and deceptive recruitment for labour or services. We will initiate this code within the 2023 financial year.

# OUR BUSINESS

P/4

Established

in 2012, listed on the stock exchange in 2014 and trading from 629 stores in 24 countries as of June 2022.

*“Lovisa was born from a desire to fill the void for fashion forward and directional jewellery that is brilliantly affordable.”*

In 2022, we continued to expand the business globally with 85 new stores opened for the financial year, including 14 in Europe, 55 in the USA and our latest opening, Canada. In line with this expansion, we opened a support center in Poland, as well as a micro warehouse in the US to service efficient distribution for our customers purchasing from our digital store.

# OUR SUPPLY CHAIN

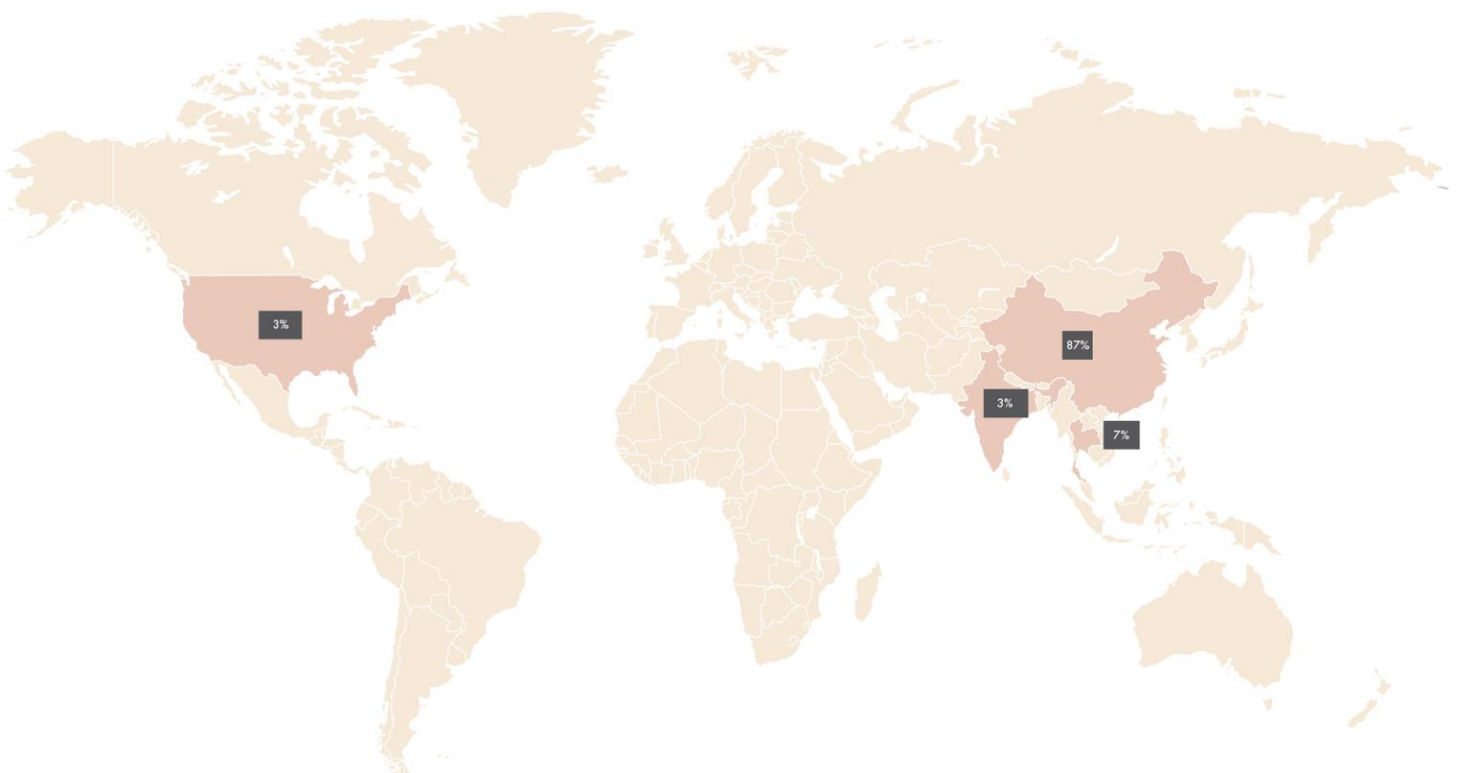

We design, source, and deliver a diverse range of jewellery products to our 629 stores in 24 countries. In 2022, our supplier base comprised of 76 factories in 4 production countries. Of the current supplier base, 25 factories contribute to 90% of the value of goods delivered to our stores. These 25 factories represent 36% of our total active factories.

We maintain long-term relationships with our suppliers, with 70% of them continuing to work with us for more than 10 years. We believe that long-term relationships with suppliers can enhance performance along the supply chain.

We obtain Ethical, Social and Health & Safety Audit SMETA / BSCI reports annually from 92% of our current supplier base, with the remaining 8% committed to submit their reports in FY 2023. 100% of the reports passed Lovisa compliance standards. Of the remaining 8%, we work closely with these suppliers to ensure up to date reports are submitted. We proactively discuss remediation measures with factories where required, as we continuously aim to improve their performance and provide high standards of safe and fair workplaces for all workers in the supply chain.

P/5

# IDENTIFIED RISKS IN SUPPLY CHAIN & OPERATIONS

## RISK RATING

Table 1 below provides a summary of the inherent risk rating identified in our supply chain, based on the audit reports that we have obtained in relation to 92% of our supplier base. The overall inherent risk has not changed year-on-year; in FY2022 we worked to mitigate our risk by decreasing India's overall value contribution and increased our China presence. We will continue to review this in 2023. With the inception of our Shenzhen support team, we have a dedicated team to support our supplier network and monitor any risk factors.

## MERCHANDISE SUPPLIERS

COUNTRY	INHERENT RISK	MODERN SLAVERY RISKS IDENTIFIED	PRIORITY
<b>CHINA</b>	MEDIUM	Inherent risks of modern slavery are present in the jewellery manufacturing sector. Most of the suppliers in China generally have a mature understanding of requirements and standards of ethical supply chains and have established transparency with their occupational health & safety and ethical audit reports and certifications.	MEDIUM: perform further due diligence in the next 12-24 months
<b>THAILAND</b>	MEDIUM	Inherent risks of modern slavery are present in the jewellery manufacturing sector. Thailand is more vulnerable to risk factors within their operations.	MEDIUM: perform further due diligence in the next 12-24 months
<b>INDIA</b>	HIGH	Inherent risks of modern slavery are present in the jewellery manufacturing sector. India is more vulnerable to risk factors and lacks transparency with their operations.	HIGH: perform immediate further due diligence

P/6

**OTHER SUPPLIERS**

Outside our supply chain, our operations comprise mostly of our office employees in Australia. Our employment framework complies with the Australian jurisdiction laws. Many of our employees are employed under employment Awards. Our employees are governed by a sound policy framework that governs our corporate behavior.

For these reasons, we consider the risk of modern slavery in our operations to be low.

COUNTRY	INHERENT RISK	MODERN SLAVERY RISKS IDENTIFIED	PRIORITY
<b>CHINA</b>	MEDIUM	Inherent risks of modern slavery are present in the jewellery manufacturing sector. Most of the suppliers in China generally have a mature understanding of requirements and standards of ethical supply chains and have established transparency with their occupational health & safety and ethical audit reports and certifications.	MEDIUM: perform further due diligence in the next 12-24 months
<b>THAILAND</b>	MEDIUM	Inherent risks of modern slavery are present in the jewellery manufacturing sector. Thailand is more vulnerable to risk factors within their operations.	MEDIUM: perform further due diligence in the next 12-24 months
<b>INDIA</b>	HIGH	Inherent risks of modern slavery are present in the jewellery manufacturing sector. India is more vulnerable to risk factors and lacks transparency with their operations.	HIGH: perform immediate further due diligence
<b>ITALY</b>	LOW	Inherent risks of modern slavery are present in the jewellery manufacturing sector. Our single supplier in Italy generally has a mature understanding of requirements and standards of ethical supply chains.	LOW: continue with current approach to supplier monitoring

# OUR APPROACH TO MANAGING RISKS

Since the submission of our FY21 Modern Slavery Statement, we have undertaken additional steps towards addressing modern slavery risks in our operations and our supply chain.

Further to the 3 Key Approaches outlined in our FY21 Statement, the actions that we have taken are as follows:

## KEY APPROACH 1: IMPLEMENTATION OF SUPPORT TEAM IN SHENZHEN

Acknowledging the modern slavery risks that exist in our industry and recognizing our current restrictions on travel into China, in May 2022 we implemented a support team in Shenzhen, to adequately support our core supply base and internal teams.

### INTERNAL ASSESSMENTS

Our newly engaged Global Sourcing Manager & Business Development Manager conduct internal assessments with current and new suppliers in the China region. This dedicated team offer support and guidance on issues that arise & can efficiently audit suppliers where required. As modern slavery risks continue to evolve, we can now react and engage with our supplier base with efficiency and in local language.

We continue to engage our Quality Control offices in Qingdao and Shenzhen, China, which comprise 85% of our production, to be our eyes and ears on the ground, in particular by conducting surprise visits to provide insight into any potential risks of the specific supplier operations.

### EXTERNAL ASSESSMENTS

Lovisa continued to utilize reputable and independent audit agencies to evaluate inherent risks per supplier. Suppliers are required to conduct on-site third-party risk assessment and audits:

- For new suppliers, audits have been conducted or certified in the last 12 months.
- For existing suppliers, follow a 2-year audit cycle and submit reports prior to expiry date of previous audit.

The audit formats that are approved and preferred by Lovisa are:

1. SEDEX (SMETA)
2. BSCI (Business Social Compliance Initiative)

Following both external and internal risk assessments, suppliers are assigned a risk rating of High, Medium, or Low. Suppliers with High rating may be required to undergo further investigations and/or audits to support ongoing review of risk. If a supplier refuses to remediate compliance issues, we reserve the right to cease engagement with that supplier.

## KEY APPROACH 2: RISK MITIGATION STRATEGIES & PROCEDURES

The core of our responsible and ethical sourcing policies is premised on upholding human and labour rights throughout our supply chain and operations.

### 1. SUPPLIER CODE OF CONDUCT

We have initiated a Supplier Code of Conduct to address the modern slavery risks in our supply chain and operations. This will promote learning and awareness within the business and build stronger relationships with our suppliers enabling them to engage with our risk mitigation procedures. The 4 main compliance guidelines will be:

1. Ethical Sourcing & Social Compliance
2. Building & Safety Compliance
3. Environmental & Sustainability Resilience
4. Business Transparency & Ethics

We will be onboarding all suppliers with our Supplier Code of Conduct in the financial year 2023. This will be made available to all suppliers in multiple languages (English, Mandarin, Cantonese, Hindi, Thai).

Suppliers must sign this code committing to adhere to each of the 4 compliance guidelines above as a condition of trade with Lovisa.

### 2. DIALOGUE & TRAINING

Our Buying & Production teams coordinate directly with our newly engaged support team in Shenzhen on our supplier compliance operations, in partnership with third-party audit firms. Dialogue, training and learning with suppliers to better understand how to implement effective practices will continue to be developed.

Internal training across the company is crucial to drive effective corporate practices to mitigate modern slavery.

# OUR APPROACH TO MANAGING RISKS

## 3. ETHICAL, SOCIAL, SAFETY & COMPLIANCE AUDITS

The scale and complexity of the challenge of ending modern slavery requires proactive action and collaboration among stakeholders including governments, international organizations, civil society, and the private sector. We continue to work with Intertek (ITS), a trusted professional certification body with global presence, as our preferred agency to undertake appropriate ethical, social, safety and compliance third party audits.

Suppliers receive a rating on several set criteria that include metrics around ethical, social, safety, environment, and sustainability practices. Based on the assigned supplier risk rating, they undergo the below audit frequency and format:

**LOW** – 24 month validity; SMETA 2 Pillar

**MEDIUM** – 24 month validity + spot checks at Lovisa's discretion; SMETA 2 Pillar

**HIGH** – 12 month validity + spot checks at Lovisa's discretion; SMETA 4 Pillar

All supplier audits are monitored by the Global Sourcing team in Shenzhen, reviewed and submitted with recommendations and actions. Thus far we have received reports from 92% of our supplier base, with 100% pass rate on those received. We continue to work with the 8% who are currently undergoing audits and/or undertaking remediation actions based on audit findings.

We regularly review these audit findings and speak with Suppliers to drive continuous improvement. Any supplier who refuses to supply auditing will be reviewed and potentially disengaged from the business.

## KEY APPROACH 3: DUE DILIGENCE & REMEDIATION PROCESSES

We regularly review our monitoring processes to build a more efficient and effective set of due diligence processes in our supply chain.

In addition to engaging the expertise of a reputable and professional certification body, we have our Sourcing/ QC team in Shenzhen, and QC team in Qingdao, China where 87% of our suppliers are based.

Our teams in China enable us to verify the findings of third-party audit firms. They also help us to communicate in the local language the corrective actions that suppliers need to implement.

When border closures are lifted and international travel is reopened, we will resume factory visits from our Melbourne global support center office. These visits aid Lovisa in building stronger relationships and enhancing our monitoring systems. These will be conducted both by our Buying and Production teams.

## REMEDIATION PROGRAM

At the core of our remediation program is our commitment to provide support to our supply chain to undertake corrective measures where modern slavery risks are identified. When non-compliances are identified through audits, we will discuss with the identified factory the measures required to be developed for a corrective action plan that is focused on prevention. The factory will then undertake a further audit to ensure that formal remediation actions are taken, and compliance is reported by the third-party audit firm.

# ASSESSING THE EFFECTIVENESS OF OUR ACTIONS

ACTIONS	ACTIONS	2022 KPIs ACHIEVED	2023 KPIs	TIMELINE
<b>FORMAL POLICY SETTING</b>	Updated Supplier Compliance Manual issued	Updated Supplier Compliance Manual issued June 2022	Further enhance Compliance Manual in line with new markets entered	Jun-23
<b>FORMAL POLICY SETTING</b>	We will provide a Supplier Code of Conduct, supported by a Supplier Agreement, with provisions on our expectations of ethical, social, safety, environmental and sustainability practices designed to eradicate Modern Slavery Risks in our supply chain.			Signed agreements returned by 31/03/2023
<b>DIALOGUE &amp; TRAINING</b>	<p>The production team, coordinating directly with our suppliers, oversee overall supplier compliance operations in partnership with third-party audit firms. Dialogue, training and learning initiated with the Buying and Production teams to understand how to/ implement effective supplier onboarding and risk assessment best practices.</p> <p>Internal training in Australia Support Centre is initiated through departmental orientations and dialogues designed to raise employee awareness on modern slavery.</p>	<p>50% Departmental Training in the Support Centre</p> <p>Initiated proactive discussion of remediation measures with suppliers</p>	<p>100% Training across all teams in the Support Centre</p> <p>100% Training across global offices</p>	Ongoing
<b>TARGETED DUE DILIGENCE IN HIGHER RISK SUPPLY CHAINS</b>	Based on our internal and external risk assessments, suppliers classified with higher risk rating undergo a 12 month validity and SMETA 4 Pillar audit and spot checks at Lovisa's discretion.	92% confirmed compliance based on SMETA reports from third-party audit firms	<p>Improve risk assessment measures through effective data</p> <p>100% Compliance SMETA reports</p> <p>Disengage consistent non-compliant suppliers</p>	Ongoing
<b>GOOD GOVERNANCE THROUGH MONITORING SYSTEMS &amp; REMEDIATION PLANS</b>	As required detailed remediation plans and best practice expectations are discussed with suppliers, customised to audit findings of third-party firms	<p>Initiated timelines and formats for audits customised to supplier risk rating</p> <p>Engaged China office teams to corroborate audit report results</p>	<p>Increased spot checks on Suppliers classified with higher risk rating</p> <p>Increase dialogue with suppliers on effective remediation of non-compliance issues</p>	Ongoing

# GOVERNANCE

This disclosure statement is published pursuant to the Australian Commonwealth Modern Slavery Act 2018.

The statement is fully supported and approved by our Board of Directors and signed by our Chief Executive Officer, Victor Herrero.

This statement was approved by the Lovisa Board of Directors on 29/12/2022.

**Victor Herrero**  
Chief Executive Officer

# APPENDIX A: LIST OF LOVISA GROUP SUBSIDIARIES

## LIST OF SUBSIDIARIES
